

KÄRCHER

makes a difference

SEE YA LATER DIRTY ESCALATOR.

Quickly and easily clean your escalators with the BR 47/35.

Escalators are no longer a pain to clean with the BR 47/35.

Let's face it, the truth is that it is almost impossible to clean an escalator by hand. You work hard to ensure your facility has a clean, professional image—do not let dirty escalators stand out like a sore thumb and tarnish your hard work.

The BR 47/35 escalator cleaner is perfect for cleaning most types of escalators. It features two counter-rotating brushes, a centering skid and a compact, maneuverable design. Its tank-in-tank design is easy to maintain and the handle folds down for transport making this machine perfect for your facility.

1 Easy to use

- Comfortable, ergonomic handle for operator comfort
- Brush head operated by a foot pedal for ergonomics
- Foot-operated parking brake keeps the unit securely in place
- Short brush head enables cleaning of fast-moving escalators

2 Powerful performance

- Four hoses ensure maximum solution recovery
- Cleans right up to the edges
- Smooth running casters ensure superior maneuverability

3 Hygienic design

- Tank-in-tank system is very easy to clean

4 Simple training and transport

- One-button operation for ease of use and training
- Handle folds down for easy transport
- Comfortable, ergonomic tread for safe positioning during operation

5 Maximum mobility

- Smooth-running casters ensure superior maneuverability
- Foot-operated parking brake keeps the unit securely in place

6 Cleans right up to the edges

- Two counter-rotating, motor-driven roller brushes with centering skid
- Outboard deflectors clean the outermost grooves in the treads.

7 Simple brush and comb replacement

- Brushes and combs can be changed without additional tools
